Ionopure Air Sanitizer is 99% water and 1% hypochlorous—the same substance our bodies produce to fight germs.

- Treat up to \*5,000 sq.-ft.
- No need to wipe down.
- Leaves no residue.
- Completely non-toxic.
- Safe to use around people, electronics, fabrics, and wood.

If we didn't have Ionopure, we would not have been able to stay open [during the COVID-19 shutdown], kids would not have been served, and parents would not have been able to work. Thank you!
